

Kilted Massage

Bringing a Celtic Touch to Your Event.

Kilted Massage is something out of the ordinary.

Your guests will be talking about the experience long into the future when speaking of your event.

Kilted Massage began as a way to combine our careers with our enthusiasm for our Celtic backgrounds. What started on a whim is growing into one of the most enjoyable ways we have experienced to share massage with as many people as we can.

All of our massage therapists are licensed by the State of Kentucky and are faculty members of the Louisville School of Massage. Your event will have some of the most knowledgeable and experienced Massage Therapists in the region keeping your guests relaxed and happy.

We are available for:

- Fundraising events and non-profits.
- Festivals.
- Conventions.
- Grand openings.
- Corporate events and much more!

At fundraisers, conventions, festivals and sporting events where people are on their feet, busting around for long periods of time, chair massage can be a soothing and rejuvenating respite in the middle of a hectic setting. People often get overwhelmed in these sorts of environments and are much more likely to stay longer and enjoy more of the event if they can stay calm, relaxed and pain free with on-site chair massage. For similar reasons offering chair massage at your event can be a very welcome offering.
